CONSTRUCTION

Thickness	3/4″ (19 mm)
Core	MDF from reclaimed wood, water-resistant adhesive. Rated by the maker at 13 hours' immersion without swelling
Faces	Real wood veneer, both sides
Finish	Factory ultra-matte anti-scratch lacquer, brushed grain. Cannot be re-sanded, and needs no finishing
Grain	Random or plank match, so the figure varies between panels
Use	Worth a look for a vanity or a laundry run, where a standard core fails first
